

Worksheet for Rating Residents

Read Instruction Manual before filling out this form.
Base ratings on commonly observed examples of poor performance.

Rating the Residents on the Risk Factors

Rate the Resident on each of the factors below by checking the one circle in each risk factor that best describes the resident. For the first six factors, write the scores for the circles you checked in the appropriate score boxes in the far right column. For "response to fire drills," write the three checked scores in the large circles. Write the sum of the 3 scores in the large box on the right.
